

TITAB AUSTRALIA

Telecommunications Customer Cabling compliance form (TCA1 form)

This form is based on the sample provided on the ACMA website

Instructions for completion

ACMA Specified Requirements: Copies required for customer, cabler and employer (if applicable)

- > The registered cabling provider (cabler) who performed or supervised the work described in this form must complete this upon finishing the work.
- > Cablers must retain a copy of this form for at least 12 months and give a copy to the customer/employer.
- > Where proposed works may be compromised by existing cabling, a TCA2 form should be completed.
